CERTIFICATE OF DISABILITY FOR DISCHARGE

IN THE CASE OF

Jas Louden

Private Co. A

2 Batt'n Regt of Ky. Vol. Inf.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disease, and the circumstances attending it.

When the *facts* are not known to the company commander the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *pensionable* case for *pension, special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or facility, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will state from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1230 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charges and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, epithelioma, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's declaration and the last certificate on this paper, see that the soldier is furnished with the proper final statements in duplicate, and forward forthwith these certificates direct to the Adjutant General United States Army, at Washington, D. C. They will not under any circumstances be given into the hands of the soldier.

ARTICLES OF WAR.

ART. 45. When any commissioned officer or soldier shall die, or be slain in the service of the United States, the commanding officer of his troop or company shall forthwith make an inventory of the effects that remain upon the person or in the possession of the deceased, take and certify the same, and transmit it to the office of the Secretary of War, which effects are to be accounted for and paid to the representatives of such deceased officer or soldier. And in case any of the effects so taken and secured as the effects of deceased officers and soldiers should, before they have been claimed by the representatives of the same, have become unfit for use, they are to be appraised and sold by public vendue, and the proceeds thereof, as also the overplus of the effects not sold, are to be put into the hands of the commanding officer, or of the agent appointed to receive the same, that they may be secured for, and paid to their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 182. Inventories of the effects of deceased commissioned officers and soldiers, [illegible] from Army and Navy Hospitals, to the Adjutant General's Office, will be made in the manner prescribed in the following paragraphs, and transmitted as directed. Every case of death, and every fact relative to the same, coming to the knowledge of any officer, will be reported without delay. When a person dies at a place or station distant from the regiment, it will be the duty of the commanding officer to appoint the regimental quartermaster, or some other officer, to examine the effects of the deceased, and in the same way to perform the duties required of the commanding officer of the company. The officer thus charged will immediately take into his charge the effects of the deceased, and make an inventory of them in the presence of two persons, who will certify to the correctness of the inventory. He will then forward the property to the commanding officer of the company, or to the officer who may be charged with the settlement of the affairs of the deceased.

PAR. 183. Inventories will be taken in duplicate, and will be transmitted to the Adjutant General's Office, by the earliest opportunity. The following is the form:

"Inventory of the effects of ——— ———, late of company (or ———) ——— regiment of ———, who died at ———, on the ——— day of ———, 18—."

[illegible] will be attached to the inventory, and mentioned in the report. If the deceased owed money to the United States, it will be stated.

PAR. 184. All money and other effects belonging to deceased officers or soldiers, not to be disbursed according to regimental laws or local customs, will be transmitted, as soon as practicable, to the Adjutant General of the Army, for the information of the Secretary of War, and subject to his decision. Money due the deceased from the United States, or from individuals, will be collected by the commanding officer, or by such person as he may appoint for the purpose, and will be transmitted to the Adjutant General, with the inventory of the effects.

PAR. 185. In all cases where the claim of Administration is abandoned in favor of the payments duly authorized by the Secretary of War, the Commanding officer will be furnished by the Paymaster a receipt for the payments, which he will transmit to the commanding officer of the Adjutant General. This statement will be endorsed "Report of the payment of the effects of ——— ———, late of company (or ———) ——— regiment of ———, who died at ———, the ——— day of ———, 18—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representatives, without passing authority from the Adjutant General. When the effects are turned over to the relatives of deceased before these instructions are sent to the Adjutant General, their receipts therefor should be procured in the inventories. In all cases, one copy will be sent with a letter of transmittal, direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Paymasters must always be taken to take receipts in duplicate from the Paymaster for any moneys turned over to him: one copy should be sent direct to the Adjutant General and one retained by the officer.

JEFFERSONVILLE, IND.,

GOLDSMITH, M.,

JEFFERSON U. S. A. GENERAL HOSPITAL,

Jeffersonville, Ind., June 24, 1865.

Sir:

I have to inform you that Sergeant Daniel Marcy,
of your Company, was discharged the service at this Hospital, on the 21st June, 1865,
by Surgeon's Certificate of Disability, made by reason of Loss of forearm, just
below the elbow-joint - disability one half.

His Descriptive List, endorsed with a statement of his account with the Government, as appeared from
his Final Statements, is herewith enclosed. Your attention is respectfully invited to the following "notes," the
provisions of which are required to be complied with by existing orders:

"__When a soldier is furnished with Final papers, his Descriptive List of the last service should be taken up by the officer who gives the soldier
those papers and entered with a statement of the date and by the officer. The endorsement placed on it is a true statement of the manner in which the
soldier was allowed pay on his Final Statements, the Clothing Account, and all other charges against him or in his favor, so as to enable a complete
estimate of his account. It will then be transmitted to the Company Commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the Muster Roll upon which the soldier's discharge is reported. The Descriptive List will then be destroyed. The
object of this is, that the remaining portion of the soldier's account may be settled upon receipt of these Muster Rolls, and the soldier receive any pay
or allowances that may be due him at the time of his discharge, and which may not appear upon his Final Statements and Vouchers, when the Descriptive
List is incomplete. These accounts for back pay, &c., are settled by the Second Auditor of the Treasury Department."

You are requested to acknowledge receipt of this notice.

Very respectfully,

Your obedient servant,

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and wherever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *pensionable* case for *permanent special care* must be taken to state the *degree* of disability—as ½, ¼, &c., &c., to describe particularly the disease, wound, or disease the extent to which it impairs the use of any limb or faculty, or affects the health, strength, activity, capacity for labor, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances and from the evidence in the case, his professional opinion of the common origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the patient, after a personal examination, and for disability, to a certain degree, and origin of which are correctly described in the certificate."

[See 1369 Regulations, Par. 1st.]

Medical officers in giving certificates of disability, are to take particular care in all cases that have not been under their charge and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, hernia, or any constitutional disease liable to be denied on pensionary grounds; and in no case shall such certificate be given until after sufficient time and examination to detect any attempted deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander or other officer commanding the separate detachment to which he belongs and sent in case of the surgeon who has charge of the hospital where the patient is sick. The surgeon will then fill out and sign the surgeon's certificate and forward these papers to the regimental, detachment or post commander, who will forward them with his action endorsed thereon through the proper channel to the general commanding or whose troops are not attached to a division, to the corps d'armée commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post or detachment commander who will, if the discharge is authorized by the competent authority, sign the duplicate certificate and transmit the certificate of the surgeon, see that the patient is furnished with the proper final statements in duplicate and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C. The will not under any circumstances be given into the hands of the soldier.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of muster, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the discharging officer.

Duty	Transportation

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted; stating particularly whether the injury was received, or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for pension, *special care* must be taken to state the *degree* of disability—as ½, ¾, &c., &c.; so describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, and vigor, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, tremor, or any obscure disease liable to be feigned or purposely produced, and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to the division commander, or, if the troops are not attached to a division, to the corps, department or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post or detachment, commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge and the last certificate on the paper, see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C., they will not under any circumstances be given into the hands of the soldier.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c. &c. in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of muster, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ½, ¼, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, of a fourth his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will and from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced, and in no case shall such certificate be given until after sufficient trial and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the original certificate, and forward these papers to the regimental, detachment, or post commander; who will forward them, with his action endorsed thereon, through the proper channel on his discharge certificate, or if the troops are not attached to a division, as to brigade, department or other commander of officer to whom the authority to discharge enlisted men may be specially delegated.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared: the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ½, ¾, &c., &c; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the 3rd paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the blanks in a certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with the action endorsed thereon, through the proper channel to the division commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post or detachment commander, who will, if the discharge is authorized by the competent authority, sign the soldier's discharge and transmit certificate on this paper, and send the soldier furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C. This will not under any circumstances be given into the hands of the soldier.

Adjutant General's Office,

WAR DEPARTMENT.

Washington, Feb. 10, 1887.

This man, while a deserter at large from this company enlisted in violation of the 22d Article of War under the name of George McKee on Aug. 4. 1862, in Co. A, 10 Ky. Cav, and was discharged from that regiment on Sept. 17. 1863. He was arrested on Dec. 23. 1863, at Louisville, Ky. as a deserter from this company by Pro. Mar. 5 Dist. Ky., and a reward of $30.- paid for his arrest. As he was subsequently restored to duty without

trial by S.O. #59, 3d Div. 4th A.C., of July 28. 1864, but upon conditions which appear to have been complied with (so far as not waived by the Govt.) the charge of desertion no longer stands against him. The record of the fact that he was absent in desertion from on or about Feb. 14. 1862, to Dec. 23. 1863, cannot however be expunged.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sent. The surgeon will then fill out and sign the duplicate certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his indorsement thereon through the proper channel, to his division commander or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment, commander, who will, if the discharge is authorized by the competent of the proper authority, give the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates *direct* to the Adjutant General United States Army at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.
